

FORESTRY MULCHERS FOR SKID STEERS

PMM/SSL

Brush mulcher with hammer/flail rotor for skid steers.

A universal mulcher suitable for mulching saplings, bushes, crop residues and grass. Thanks to its "floating system", the mulcher's rotor adheres perfectly to the terrain, ensuring a homogeneous material after mulching. The support roller, larger in comparison to other attachments, guarantees the best performance

even on particularly damp terrain. The machine can be equipped with hammers for mulching material up to 8 cm diameter or grass flail to better respond to the various needs of the customer.
